This Section of Offset Printing is based on Thermographic Printing, often called “Raised” printing. This process sprays powder on the ink before it dries, giving an embossed look for pricing that is far below true embossing. You may choose from a variety of Standard Ink Colors included in the price. The Pantone® Matching System may also be used for an additional fee.

Standard Ink Colors:

Black, Reflex Blue, Process Blue, Teal, Gray, Red, Burgundy, Green, and Brown.

Gold and Silver Inks are available for an additional charge of \$9.50 (Extra production time required.)

Pantone® matched colors add \$40.50 per color, regardless of quantity ordered.

This cost covers the process of a special press run for your order. Colors are guaranteed to match within one shade.

Standard Up Charges:

Bleeds:

A Bleed is when Inner Margins are less than 1/8” or Ink is printed past the edge the page. Add \$14.50 for each edge per 1000 cards.

Borders or Partial Borders:

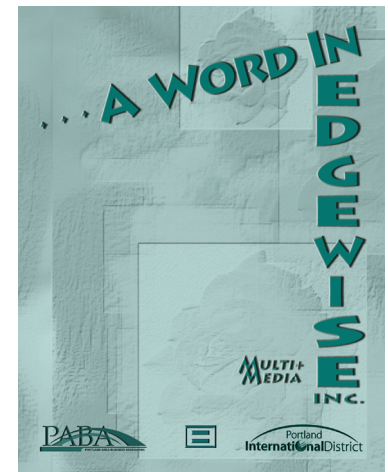

A Border or Partial Border requires unique alignment. It’s \$8.50 per Border or Partial Border.

Registration:

A Close Registration is when Inks of different colors are printed less than 1/16” from each other. An Exact Registration is when two inks actually touch each other. Add \$17.50 per 1000 cards ordered for this service.

Flat Ink Printing:

This process defaults on Thermographic Printing. Flat Ink Printing is available for an additional charge of \$10.50.
